HALF DAY SEMINAR
STAYING AHEAD IN A CHANGING WORLD
15 January 2019 | The Empire Hotel & Country Club

BNP Paribas Securities Services and CIBFM cordially invite you to join our half-day seminar "Staying Ahead in a Changing World"

Sessions Outline

Shariah Compliant Solutions: A New World of Investment and Asset Servicing

Asset of Islamic Financial institutions have been growing constantly over the past few years, suggesting robust demand for Islamic investing. Understand the key differences between conventional and Islamic global custody

Digital Transformation: Market Infrastructure Changes and the Impact on Asset Managers and Owners

A number of exchanges around the world are working on blockchain and/or distributed ledger technology (DLT) solutions to increase efficiency in operations. Our technical expert who has been working closely with the ASX, HKEX and SGX will discuss the impacts and opportunities of these changes for asset managers and asset owners

Yield Enhancement: Multi Asset Class, Alternative Investment Opportunities

In today's low yield environment, we see pension funds, insurers and sovereigns allocating increasing investment volumes to alternative asset classes to diversify their portfolios. We look at the implications for investors using alternative investments to improve their risk or return profile.
